We all have different interests. Some of us prefer things which don't appeal to others. Go 2 Safari Concierge understands this and so we offer you the option of your own personal guide who will take you wherever you want to go, and stop for as long as you like at any particular place. No time wasted hanging around for other people!

Entrance fees at various places of interest will be for your own account. If you have a larger group, please ask for a quote for a suitable vehicle.
